Dear Parents,

Year 1 students in Mrs Duncans class at our school are about to embark upon a program to help them develop protective behaviours. This has been introduced as part of the Health Program at the School in conjunction with Curriculum requirements.

It will be run on Friday 10th March 2017.

The Program is call BUZ Feel Safe Feel Right and will be presented by Helen Hames our school chaplain with the assistance of the class teacher.

It is a proactive program which:

Helps children become more aware of what they think or feel is 'not safe or not right' in order for them to create a safe environment and empower them with options when confronted with an unsafe situation or when they feel something is not right. This includes all forms of potential child abuse.

It will teach principles like:

"Everyone has the right to feel safe and be respected"

"One thing 'worries' don't like, is being talked about. It makes them go away.

"Find people you can trust that you can talk to about things that worry you."

Your body has private parts- no one has the right to touch them unless they are helping you with your problem, but only with your permission."

"It is important to say NO to someone when,"

They are not treating you properly.

They are scaring or threatening you.

They touch you in a way that isn't right or you don't like.

They are teasing you or hurting someone you love.

There is a small cost of \$6 per student for the consumables.

Please fill in the form below and return to the school with the money to the front office by Wednesday Wednesday March 8th 2017.
