

Integrated Activities is a favourite time in the junior block on a Friday afternoon as children have the freedom to participate in a range of self-selected learning experiences across all the classrooms. It provides a wonderful opportunity for children from Pre-Primary to year 2 to explore, investigate and engage in a range of intellectually challenging and FABULOUSLY FUN hands-on activities catering to their strengths and interests.

Integrated activities allow children to **learn through play** in a safe and supportive environment, where they can:

- Respond to and build on their personal SMARTS .
- Foster their ability to problem solve, question and wonder.
- Build their social and emotional capacities as they work together in interchanging, multi-aged groups.

ALL THAT ON A FRIDAY AFTERNOON!!!
